

**Do you know  
where your  
hard drives  
go at night?**

**tech** 

## Peace of mind.

TechR2 is a trusted leader in end-of-life data protection. Our patented Tear-A-Byte® solution ensures secure, compliant, and reliable data destruction. With a proven history serving Fortune 50 companies, we deliver industry-leading solutions that safeguard sensitive data while maintaining the highest standards in regulatory compliance.

### A first step.

Your partnership with us and our patented Tear-A-Byte® process will give you profound peace of mind – knowing your inactive data sources are legally and properly managed.

From initial assessment and planning to implementation and post-service reporting, TechR2 provides a comprehensive suite of services, including:

- ✓ **Secure Transportation:** Safe transport of data-bearing devices
- ✓ **Decommissioning:** Dismantling, data destruction and responsible recycling of infrastructure
- ✓ **Asset Inventory:** Thorough onsite evaluation, capturing serial numbers and quantities of all equipment
- ✓ **Risk Assessment:** Identifies vulnerabilities in your data-at-rest to ensure compliance with industry and federal regulations
- ✓ **TechBox:** Secure containment and responsible recycling of retired IT assets that do not contain critical data

## Bigger Solution.

The Tear-A-Byte and Tear-A-Vault appliances work hand-in-hand with the Tear-A-Byte® Track-Contain-Destroy-Verify process, fulfilling regulatory demands, and achieving unmatched industry compliance.

24U Appliance

**Tear-A-Vault fulfills regulatory demands and achieves State, Federal, and industry compliance:**

- ✓ NIST 800-53 MP-6 (1)
