SYSTEMS ENGINEER 1

Why Joint TechR2?

At TechR2, you'll be part of a team dedicated to innovation, client success, and continuous growth. We value collaboration, professional development, and empowering our people to make a real impact. Your work has real impact, you'll help protect data, streamline asset lifecycles, and uphold rigorous security standards for our clients while learning alongside experts in engineering, cybersecurity, and operations. As a System Engineer 1, you'll gain hands-on experience with technology in a fast-moving, team-oriented environment that values curiosity, accountability, and growth.

Position Summary

TechR2 is seeking a dedicated and detail-oriented **System Engineer 1** to join our growing team. As an SE1, you will play a key role in supporting operations, maintaining security standards, and ensuring compliance with our mission as a technology solutions provider. You'll strengthen client security and business performance through mission-critical work, collaborate daily with cross-functional teams, and test, track, and manage IT assets across their full lifecycle. You'll also benefit from training, mentorship, and professional development within a collaborative culture that celebrates problem-solving and continuous improvement.

Key Responsibilities:
- Material handling tasks include safely loading and unloading trucks.
- Operate hand trucks (pallet jack) and palletize equipment for transport and storage.
- Test IT assets for specifications, functionality, and cosmetic integrity.
- Prepare and maintain reports using Microsoft Word, Excel, or PowerPoint.
- Accurately enter data into the TechR2 Inventory Management System.
- Maintain TechR2's physical and digital security standards.
- Partner with team members and leadership to ensure operational goals are met.
- Attend and actively participate in scheduled meetings.
- Operate TechR2 fleet and rental vehicles responsibly.
- Travel and participate in on-site projects (50–70% of scheduled work time).
- Work overtime as scheduled and when business needs require.
- Adhere to all company policies, procedures, and operational standards.

Qualifications:
- High School Diploma or equivalent (GED).
- Proficiency in basic computer skills.
- Ability to read, comprehend, and follow written instructions accurately.

- Strong communication and organizational skills.
- Ability to lift and move items weighing up to 50 pounds.
- Valid driver's license and legal ID.
- Willingness and ability to travel and perform work on-site 50–70%
- Successful completion of all required background checks and drug screens
- Ability to handle confidential information with discretion.

Pay:
- **Hourly:** Starting at $18.00 per hour

Work Type:
- Onsite/In-Office Only
- Full-time, Permanent

Benefits and Perks:
- Competitive pay and performance bonuses
- Health, dental, and vision insurance
- 401(k)
- Paid time off and holidays
- Professional development and training opportunities
- Collaborative and innovative work environment
- Employee wellness programs

Location:
- Pataskala, OH 43062 (Required)
